

Captain's Report

Hello again Ladies, what a windy month we just had! It certainly did not stop, or slow any of you down though. The Larmer 10 was our 3rd race in the Club Championship. 15 ladies chose to get blown around here. This was also the 3rd and final race of the Imperial 10 series, along with the Bournemouth 10 and Lytchett 10. I have looked for the final results, but I cannot find them at present. The only result I have been informed and am aware of is that of the amazing Maria Everett as listed below. I apologise if you have not had a mention if you were also an award winner in the series.

Maria Everett	<u>1.30.45</u>	1st F35 - Imperial 10 series Female winner - excellent strong performances throughout.

BATH HALF MARATHON

Well, this was a memorable race for one of our very popular runners! As most of you are probably aware now, the lovely Tracey Ashley got married after the race! She apparently tried her best to run away from Scott, but, dressed for the occasion, they are now Mr & Mrs (can't do a loveheart on this old keyboard!!) Many many congratulations to you both.....and here is the evidence!!

Thank you Alexandra for the information on the other 2 ladies running that day.....

Tracey Ashley [2.01.41](#) yes.... in her wedding dress!!

Anne Whittaker 2.10 (a half marathon PB - excellent - well done Anne

Alexandra Stevens 2.16 supporting her husband on his 1st half and other
members of the family in tow! Brilliant.

Alexandra thoroughly recommends this race, it is a gorgeous City. Well done to you.

Well on that happy note, that is all for March. The clocks have changed, and we can all look forward to some lighter evenings (which obviously means longer night runs!!) Next on our Club Champ Agenda is the Salisbury 10 on the 14th April. This race is now full, but now and then there is one advertised on facebook...so keep yer eyes peeled if you want one coz you gotta be quick! The next DRRL race is the North Dorset Marathon on the 5th May, a great local....ish... beautiful country road 26 miler and a great way to increase our DRRL points as, afterall, we are mostly a marathon club now!!

Well done everybody for this month, and continue to run and enjoy April. There will be a few spring marathons to be reported on...so watch this space for your name, and please let me know of any pb's or other running related achievements that always deserve a mention.

Bye for now
